### If You Smell Gas

Contact your local gas company immediately. MichCon customers call 800.947.5000. If the odor is strong, leave the building and call from an outside phone. Do not turn electric switches on or off. Open doors and windows. Avoid the use of open flames – don't light matches, smoke or turn on the stove.

### If Your Electricity Goes Out

Check for a blown fuse or tripped circuit breaker. From the safety of your home, see if your neighbor's lights are on and if there are any fallen power lines or broken poles. To report an electrical outage or fallen power line, contact your local electric company. Detroit Edison customers call 800.477.4747 or visit [my.dteenergy.com](http://my.dteenergy.com) from a location that has power. Stay at least 20 feet away from a fallen power line and anything it's touching, including metal fences and puddles.

### Energy Theft

Unauthorized use of electricity or natural gas is illegal and dangerous. If you suspect that an electric or gas meter may have been tampered with, report it by calling our energy theft hotline at 800.441.6698 or at [my.dteenergy.com](http://my.dteenergy.com). All reports are kept strictly confidential.
