
Table of Contents - Chapters

Introduction	1
1.0 Overview of Roles of Electric Choice Participants	2
1.1 Bidder	6
1.1.1 Regulatory Requirements	6
1.1.2 Detroit Edison Requirements	6
1.2 Customer	7
1.2.1 Regulatory Requirements	7
1.2.2 Detroit Edison Requirements	7
1.3 Aggregator	8
1.3.1 Regulatory Requirements	8
1.3.2 Detroit Edison Requirements	8
1.4 Retailer	9
1.4.1 Regulatory Requirements	9
1.4.2 Detroit Edison Requirements	9
<i>Retailer Agreement</i>	9
<i>Creditworthiness</i>	9
<i>Electronic Business Transactions (EBT)</i>	10
1.5 Marketer	10
1.5.1 Regulatory Requirements	10
<i>FERC Authorized</i>	10
<i>Reciprocity</i>	10
1.5.2 Detroit Edison Requirements	11
<i>Marketer Agreement</i>	11
<i>Creditworthiness</i>	11
<i>Electronic Business Transactions (EBT)</i>	11
<i>Transmission Service Agreements</i>	11
<i>Emergency Energy Supply</i>	11
1.6 Broker	12
1.6.1 Regulatory Requirements	12
1.6.2 Detroit Edison Requirements	12
1.7 Generator	12
1.7.2 Regulatory Requirements	12
1.7.3 Detroit Edison Requirements	12

1.8	Distribution Provider	13
1.8.1	Regulatory Requirements	13
1.8.2	Detroit Edison Requirements	13
1.9	Transmission Provider/Control Area Operator	13
1.9.1	Regulatory Requirements	14
1.9.2	Detroit Edison Requirements	14
1.10	Summary Of Participation Requirements	15
2.0	Bidding Process (CANCELLED 2/2/02)	2
3.0	Customer Enrollment	3
3.1	Customer Eligibility	3
3.2	Customer Enrollment Information	3
3.2.1	Marketer	3
3.2.2	Customer Account Number	3
3.2.3	Customer Account Name	4
3.2.4	Optional Retail Access Backup Service	4
3.2.5	Billing Option	4
3.2.6	Meter Number	4
3.2.7	SINK	4
3.2.8	Alternative Electric Supplier Product Offering	4
3.2.9	Meter Configuration	5
3.2.10	Telephone Line Information	5
3.3	Customer Enrollment Submittal	7
3.3.1	Customer Enrollment Processing	7
3.4	Site Level Enrollment	7
3.5	Processing a Customer Enrollment	9
3.6	Validating a Customer Enrollment	10
3.7	Evaluating a Site	10
3.8	Issuing a Switch Date Notice	11
3.9	Web Site Search Functionality	11

3.10	Search Enrollments	12
3.11	Checking an Enrollment Status	13
3.12	Modifying Enrollment Information	14
3.13	Modifying Meter Configuration and Phone Information	15
3.14	Cancelling a Customer Enrollment Order	18
3.15	Search Services	18
3.16	Modifying Services Information	20
3.17	Dropping a Customer Enrollment Order	22
3.18	Cancelling a Scheduled Drop Order	23
3.19	Rejecting a Customer Enrollment	26
3.20	Switching Alternative Electric Suppliers	27
3.21	Terminating and Switching Marketers	27
3.22	Customers Returning to Bundled Service	28
3.23	Drop and AES Switch Report	28
3.24	Customer Enrollment Assistance	31
4.0	Electric Choice Supplier Support Center	2
4.1	Location	2
4.2	Contact Information	2
4.2.1	Operating Hours	2
4.2.2	Supplier Hotline	2
4.2.3	Fax and E-mail	3
4.2.4	Web Site	3
4.3	Personnel	4

5.0	Electric Choice Customer Support	2
5.1	Electric Choice Customer Center (Transaction Support)	2
5.2	Summary of Electric Choice Customer Center Information	3
5.3	Customer Support for Industrial and Large Commercial Customers	3
5.4	Outage Inquiries/Power Quality Inquiries	3
5.5	Customer Account Information Disclosure	3
5.6	Data Types	4
5.6.1	12-Month Consumption History	4
5.6.2	Customer Access to Interval Meter	4
5.6.3	Customer Access to Interval Meter Data via the Web.....	5
5.6.4	Generic Load Curves.....	5
5.7	General Customer Billing Inquiries	6
5.8	Detroit Edison Web Site	6
6.0	Customer Billing	2
6.1	Customer Billing Process	2
6.2	Local Distribution Rates and Charges	2
6.2.1	Service Charge	2
6.2.2	System Use Charge	2
6.2.3	Substation Charge	3
6.2.4	Surcharges	4
6.2.5	Power Factor and Excess kVAR Demand Charge	4
6.2.6	Special Purpose Facilities and Services	5
6.2.7	Minimum Charge	5
6.2.8	Late Payment Charge	5
6.2.9	Summary of Local Distribution Rates and Charges	5
6.3	Customer Account Set Up	7
6.4	Customer Billing Options	7

6.5	Complete Billing By Detroit Edison	7
6.5.1	Alternative Electric Supplier Pricing Options For Three-Phase Customers	7
6.5.2	Alternative Electric Supplier Pricing Options For Single-Phase Customers	7
6.5.3	Rate Ready Price Schedules	8
6.5.4	Rate Ready Schedule Instructions	8
6.5.5	Bill Format	9
6.5.6	Application of Sales Tax for Complete Billing Customers	9
6.5.7	Application of Sales Tax for Separately Billed Customers	10
6.6	Separate Billing by Detroit Edison and the Alternative Electric Supplier	10
6.7	Complete Billing Payment Processing	10
6.8	Adjustments to Customer Bills	11
6.9	Shut-off and Reconnection	11
7.0	Metering	2
7.1	Metering Function	2
7.1.1	Billing Determinants for Delivery Charges	2
7.1.2	Billing Determinants for Retailer Energy Charges	3
7.1.3	Billing Determinants for Marketer Reconciliation and Settlement	3
7.2	Meter Installation	3
7.2.1	Site Preparation	4
7.2.2	Telephone Line Installation	4
7.2.3	Meter Installation or Replacement	5
7.2.4	Existing Telephone Lines	5
7.2.5	Removal of Special Metering.....	5
7.3	Meter Data Acquisition	6
7.3.1	Telephone Line Data Retrieval	6
7.3.2	Manual Data Collection	6
7.3.3	Estimated Meter Read	6
7.4	Access to Usage Data	7
7.4.1	Customer Access to Interval Meter Data via the Web	7
7.4.2	Data Pulses	7
7.4.3	Direct Access to Meter.....	8

7.5	Load Profiling	9
	<i>Net System Output (NSO)</i>	9
	<i>Group 1 Loads (G1)</i>	9
	<i>Group 2 Loads (G2)</i>	9
	<i>Group 3 Loads (G3)</i>	9
7.5.1	Load Profiling Methodology	10
7.5.2	Profiling Customer Usage	11
7.5.3	Acceptance of Meter Waiver	11
7.6	Meter Maintenance and Accuracy Assurance	11
8.0	Electronic Business Transactions	2
8.1	Detroit Edison Web Site Communications	2
8.1.1	Web Site Content	2
8.2	EBT Communications	3
8.2.1	Transition from EDI to XML	3
8.2.2	Establishing XML with Detroit Edison	3
8.2.3	XML Transactions	4
8.2.4	Receiving XML Transactions	5
8.2.5	Connection to Detroit Edison via FTP	5
8.2.6	XML File Naming Conventions	5
8.3	Electronic Funds Transfer (EFT)	6
8.4	Testing Electronic Communications	6
8.5	Supplier XML Testing Procedure	7
8.6	Supplier Electronic Funds Transfer (EFT) Testing Procedure (Supplier to Detroit Edison)	9
8.7	Supplier Electronic Funds Transfer (EFT) Testing Process (Detroit Edison to Supplier)	9
9.0	Transmission Reservation and Energy Scheduling	2
9.1	Transmission Customer Requirements	3
9.1.1	Open Access Same-Time Information System (OASIS)	3
9.1.2	Interchange Transaction Tag	4
9.1.3	Open Access Transmission Tariff (OATT) and Joint Open Access Transmission Tariff (JOATT)	5
9.1.4	Michigan Electric Power Coordination Center (MEPCC)	6

9.2	Transmission Services	6
9.2.1	Transmission Service Offerings	6
9.2.2	Transmission Customer Interactions	7
9.2.3	Available Transfer Capability (ATC)	8
9.2.4	Reservation Priority Matrix	8
9.2.5	Transmission Access Flowchart	8
9.3	Transmission Operation	10
9.3.1	Transmission Service Curtailment	10
9.3.2	Curtailment Priority Matrix	10
9.3.3	Transmission Constraint	10
9.3.4	Transmission Loading Relief (TLR)	11
9.3.5	Marketer Schedule Curtailment	11
9.3.6	Load Shedding	11
9.4	Power Scheduling Requirements	11
9.4.1	Energy Schedule Coordinator	11
9.4.2	Energy Schedules	11
9.4.3	Ancillary Services	12
9.4.4	Real Power Losses	12
9.4.5	Optional Backup Service	13
9.5	Communications/Contacts	14
9.5.1	Telephone	14
9.5.2	Fax	14
9.5.3	e-mail	14
9.6	Reference Materials	15
9.6.1	Tariffs	15
9.6.2	Organization Web Pages	15
10.0	Energy Imbalance Reconciliation	2
10.1	Energy Balance Requirements	2
10.1.1	MECS Control Area Operator	2
10.1.2	Detroit Edison Energy Imbalance Service	3
10.2	Energy Imbalance Types and Charges	4
10.2.1	Hourly Energy Imbalance	4
10.2.2	Types of Energy Imbalance	5
10.2.3	Applied Compensation Treatment of Energy Imbalance	6
10.2.4	Energy Imbalance During Supply Emergencies	7
10.2.5	Detroit Edison Cost Definitions	7

10.3	Energy Imbalance Illustration	7
10.4	Combining Energy Schedules	9
11.0	Supplier Billing and Settlements	2
11.1	Marketer Billing	2
11.1.1	Transmission and Ancillary Services	2
11.1.2	Ancillary Service Schedules for Point-to-Point Transmission Services	2
11.1.3	Point-to-Point Transmission Service Schedules	4
11.1.4	Point-to-Point Transmission and Ancillary Rates	5
11.1.5	Network Integration Transmission Service	7
11.2	Marketer Bill Presentment	9
11.3	Marketer Bill Format	9
11.4	Marketer Bill Settlements	10
11.4.1	Delayed Billing of Schedule 4	10
11.4.2	Bill/Payment Processing	10
11.4.3	Late Payment	10
11.4.4	Default of Payment	11
11.5	Alternative Electric Supplier Billing	11
11.5.1	Transition Charge	11
11.5.2	Complete Billing by Detroit Edison	11
11.6	Alternative Electric Supplier Bill Presentment	11
11.7	Alternative Electric Supplier Bill Format	12
11.8	Alternative Electric Supplier Bill Settlements	12
11.8.1	Bill/Payment Processing	12
11.8.2	Late Payment	12
11.8.3	Default of Payment	12
11.9	Application of Tax for Marketer Billing	13
11.10	Application of Tax for Alternative Electric Supplier Billing	13
11.11	Alternative Electric Supplier Responsibility for Application of Tax for Separate Billing	13

12.0	Termination Of Electric Choice	2
12.1	Termination of Customer Participation Initiated by the AES	2
12.2	Termination of Customer Participation Initiated by the Customer	2
12.3	Termination of Customer Participation Initiated by Detroit Edison	3
13.0	Dispute Resolution	2
13.1	Disputes between Retailers and Detroit Edison	2
13.1.1	Disputes Between Retailers and Detroit Edison	2
13.1.2	Arbitration Resolution	2
13.1.3	Detroit Edison Fees/Charges	2
13.1.4	Disputes Involving Damages	2
13.1.5	Dispute Resolution Period	3
13.2	Disputes between Marketers and Detroit Edison	3
13.2.1	Transmission Service Obligations	3
13.2.2	Arbitration Resolution	3
13.2.3	Dispute Resolution Period	3
13.3	Disputes between Customer and Detroit Edison	3
13.4	Disputes between Parties other than Detroit Edison	3
13.5	Customer Dispute of Enrollment	4
13.6	Retailer Dispute of Enrollment	4
13.7	Disputes Involving Bidding and Capacity Awards	4
14.0	Optional Retail Access Backup Service	2
14.1	Selecting Optional Retail Access Backup Service	2
14.2	Changes to Backup Selection	2
14.3	NERC Operating Policies and Control Area Operation	3
14.4	Communicating the Loss of Source Due to Generation Unavailability	3
14.3.1	Energy Source Outside Control Area	3
14.3.2	Energy Source Inside Control Area	3

14.5	Communicating the Loss of Source Due to Transmission Constraint	3
14.4.1	Energy Source Outside Control Area	3
14.4.2	Energy Source Inside Control Area	4
14.6	Securing Transmission Service	4
14.7	Emergency Energy Service	4
14.8	Optional Retail Access Backup Service Availability	5
14.9	Optional Retail Access Backup Service Price	5
14.10	Optional Retail Access Backup Not Elected	5
14.11	Failure to Curtail when Requested	6
